# PENELOPE

## The Pirate Princess

# Outline

- Penelope is a ten year-old, Princess in the Kingdom of Galway, Which is on the shore of the Emerald Ocean.
- Penelope's Parents are King Elric and Queen Isabelle. They are very noble leaders whose greatest interest is the well-being of their subjects.
- Galway has been tormented by the "Hornswaggles", a group of mischievous who live on the Danger Island just off the coast of Galway.
- Danger Island is surrounded by the evil-looking, magic fog and the people of Galway never venture near it- the Hornswaggles, castle floats mysteriously above the fog on the danger Island.
- Whenever mischief happens in Galway, you can be sure the Hornswaggles are behind it.

- One day when Penelope was riding near the ocean on her horse, the Hornswaggles appeared and wanted to steal her Tiara. But suddenly, a band of Pirates quickly arrived and rescued her.
- Tallis, Corky, Halley and Rayburn were the Pirates of different kind, they were pirates that loved doing good deeds to fill up their treasure chests.
- This Misfit band of pirates became friends with Penelope, from that day forward , Penelope wanted to help spread the word that not everyone can be judged by they look.
- Now, she joins them in doing good deeds, in return for her help, the pirates gave her a Magic gold doubloon.
- The doubloon would allow Penelope to call the pirates into action. And its also transforms Penelope into a pirate girl and Bella into a white Unicorn. Pirates also call her for her talents and strengths.

# Character Profile

# Outline

- Fast-forward to 2028, the world is digital and fast paced .Almost everything is at the touch of a button, even the education system. Immersive technology has slowly taken over the world as we know it and kids preferred to be alone.
- Everyone was busy and occupied of course but isolated.
- The older generation feared, that the world as they knew, would come to an end if there was no intervention.
- Gone were the days of just going out and enjoying the simple things. Even playing a sport was digital, well almost.
- Getting out onto the field and playing a game was almost an ancient art- one school actually decided to test if it was almost redundant.
- Enter Virat a retired coach who joins the school after seeing an ad that a school looking for a sports coach.
