Public sculpture for IIT Bombay

abstract

My own understanding to History of Art, perceive what is visual culture

Rethink about Art and its role in our time

To understand how artist contribute to visual culture of a public space

Public Art around the globe

Possibility of enhancing visual culture in the form of public art inside IIT Bombay

Finally a Public Sculpture of IIT Bombay

objective

To enhance my awareness of contemporary Public Art

Curatorial vision for Public Art at IIT Bombay

To understand the creative and technique possibility of large scale Sculpture

Visual Culture

- The word Visual is related to seeing or appearance, any item or element depending on the sense of sight.
- A Culture is defined as a social domain emphasises the practices, discourse and material expression which over time expire the continuities and discontinuities of social meaning of a life held in common.
- So Visual culture is a form of culture expressed in visual images

Public Art

Importance of Public Art

- It is a reflection of how we see the world.
- It is kind of a mirror image of a community.
- Public Art becomes a reflection of a place and the time.
- It encourages to think and increase our awareness of a community.
- It enhance our Environment and can transformed a landscape.
