Deciding on the Topic

I wish to make a film that is magical and funny

Has a message at the same time

the plot has to have substance and potential.

A film that will look pretty on the outside but will be steeped in hidden meanings and subliminal messages.

Magical adventures and quest related films. Namely~ Raiders of the lost ark- Indiana Jones, Monty Python, Hugo, The golden compass, The hobbit, lord of the rings, Jonny Quest, The Lone Ranger, The Never Ending story, Peanut Butter Solution, Sinbad- the voyage, Dragon hart, Avatar, Fifth Element, Alice in Wonderland.

THE CHOSEN STORY

- An artist stops drawing for mysterious reasons. Her drawing comes to life and goes on a quest to revive her creator's creativity.

The story revolves around ART and ARTIST'S MENTAL BLOCKS and DRAWINGS ~

The basic story is, an Artist mysteriously stops drawing all of a sudden.

Her favorite drawing comes to life wondering what is wrong with it's creator.

The "drawing" sets out on a quest in the world of Art to retrieve WHATEVER she believes will get her creator to start creating again.
