

Bob the Lobster

Bobster is a fun ride on sandpit equipment for kids of 6 - 12 years of age. Kids of this age have a lot of energy and bobster helps use this energy to give the kids a fun experience of exercise and play. It has pedals that enable the tail to go into a wave motion when pedaled and handles that open and close the pincers of the lobster when pulled and pushed back and forth.

BIOMIMETIC BOBSTER
